EDUCATION

KLE Technological University, Hubli **2022 – 2026**
B.E. in Computer Science and Engineering — ***CGPA: 7.21 - Till 7 th sem***

B.K.G PU College, Sandur **2020 – 2022**
Pre-University — ***Percentage: 68.66%***

Sandur Residential School, Sandur **2020**
SSLC — ***Percentage: 73.83%***

PROJECTS

Handwriting-Based Thinking Style Recognition Using CNN and Graphotherapy [GitHub]

- Developed AI system to classify thinking styles (Cumulative, Analytical, Investigative, Comprehensive) using handwriting and Bloom's Taxonomy-based questionnaire.
- Extracted letter 'M' from 200+ handwriting samples using Google Cloud Vision API (OCR).
- Trained CNN model based on VGGNet achieving **84.89% training** and **79.01% testing accuracy**.
- Implemented weighted fusion model (**80% CNN + 20% questionnaire**) for final prediction.

Online Quiz Application - Developed a web-based quiz platform.

- Implemented RESTful APIs and responsive UI.
- Technologies: JavaScript, React.js, Node.js, Express, MongoDB.

Real-time Pedestrian Detection using YOLO11

- Used YOLO11 with Hubli-Dharwad traffic videos from smart city camera feeds.
- YOLO11-based pedestrian detection reached **88% precision**.
- Tools: Python, YOLOv11, OpenCV, TensorFlow/PyTorch.

TECHNICAL SKILLS

Languages: C/C++, Python
Core Courses: DBMS, Computer Networks, OOPs, Operating Systems,
Web Technologies: HTML, CSS, JavaScript
Databases: MySQL
Soft Skills: Teamwork, Time Management

ACHIEVEMENTS

- Published research paper on **Smart City Application: Real-Time Pedestrian Detection Using YOLOv11 Architecture** in **SCITE Press**.
